

STEVANUS WAHYU JULIANTO

stevanuswahyu2707@gmail.com | 082225460996 | Bandung, Jawa Barat

A Computer Engineering student at Telkom University with a strong focus on web development, supported by experience in both frontend and backend technologies. Proficient in building responsive and user-friendly web applications using modern frameworks, as well as managing database integration and backend logic. Experienced in developing internal systems to improve business processes and data management. Additionally, has a background in Internet of Things (IoT), enabling the integration of connected devices with web-based platforms for monitoring and control. Skilled in troubleshooting software and hardware issues, with a solid understanding of computer networking. Able to work both independently and collaboratively to solve problems and deliver effective solutions.

EDUCATION

Bachelor's in Computer Engineering, Telkom University

Sept 2022 – Present

- Current GPA : 3.67/4.00
Relevant courses: Programming Algorithms, Object-Oriented Programming, Computer and Data Networks, Web-Based Mapping Technology, Artificial Intelligence, Machine Learning, Database Design, Design System Analysis, Internet of Things.

WORK EXPERIENCES

Everything Connected Laboratory – Telkom University

February 2025 – March 2026

Research Division

- Understanding of network implementation and subnetting
- Familiar with networking devices (Router, Switch, Server)
- Proficient in using Cisco Packet Tracer
- Understanding of dynamic and static routing processes
- Teaching assistant for Computer and Data Network practicum for Computer Engineering students

PT Astra Juoku Indonesia

June 2025 – September 2025

IT Intern

- Developed an internal web application for Manpower Requests
- Developed an internal web application for Employee Opinion Surveys
- Assisted IT staff with daily operational tasks

ORGANIZATIONAL EXPERIENCES

MPM of Computer Engineering Student Association

Jun 2023 – July 2023

- Conducted general conference and electing the chairman of Computer Engineering Student Association 2023

IEEE Telkom University Student Branch

Dec 2023 – January 2025

Staff of Creative and Publication

- Created and planned content for IEEE Student Branch Telkom University social media
- Managed IEEE Student Branch Telkom University Student Branch social media accounts

IOSBC (International Office Student Buddy Club) Telkom University

Jan 2024 – February 2025

Member of Hospitality Division

- Assisted International Student that study in Telkom University
- Organized events for international students and ensured the smooth execution of the events

SKILLS

Programming Language: Python, JavaScript, PHP, C/C++, .NET

Web Development: HTML, CSS, Laravel, ReactJS

Embedded System and IoT: Arduino, ESP32, Sensor and Actuator Integration, GPIO, I2C, MQTT, HTTPs, REST API

Tools: Node-RED, Visual Studio Code, Arduino IDE, Microsoft Office, Figma, Canva, Google Collab

Language: English, Indonesia

VOLUNTEERING

International Student Summit (ISS) 2023

Liasson Officer Mobility Division

- Picked up and assisted international students during the 2023 International Student Summit
